Subject: Duck hunting in Russian River area

FYI....from Joan Vilms, Santa Rosa and member of Sportsmans Club in Duncan Mills just up river from Jenner.

I've never heard, or seen evidence, of any duck hunting. There are certainly no duck blinds. Much of the area adjoins State Park lands and is too close to roads, houses & campgrounds to fire weapons. I think it's safe to say there's no duck hunting there. Duck hunting around here isn't at the ocean. It's around the Laguna. Though most go to Marysville.
